

# Dimension®

## MIS TLIF Retractor System

MIS Simplicity.

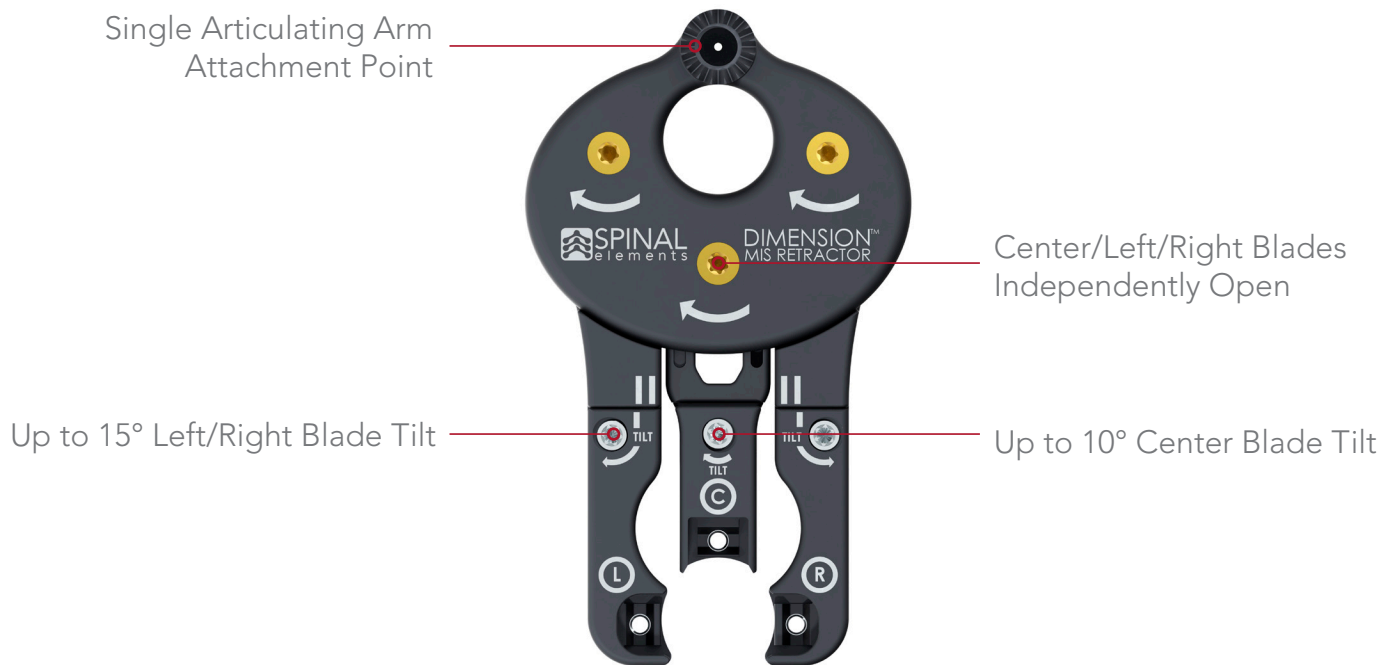

# Dimension® | MIS TLIF Retractor System

The Dimension MIS TLIF Retractor's 3-blade radiolucent design facilitates soft tissue retraction to access the disc space utilizing a minimally invasive transforaminal approach.

# Dimension<sup>®</sup> | MIS TLIF Retractor System

3-Blade Radiolucent Design

- Cranial and caudal blades tilt 15 degrees
- Medial blade tilts 10 degrees
- Blade lengths from 40mm to 120mm in 10mm increments

# MIS Ultra®
